

# **Technical Analysis with Elliott Wave Applications**

A Workshop

## **Programme Content**

### **Introduction and overview of Technical analysis**

- ▲ Trend lines
- ▲ Gaps
- ▲ Candlesticks
- ▲ Volume
- ▲ Momentum Indicators

### **Introduction to Elliott Wave Theory**

- ▲ Elliott Wave Theory- Its History and Application
- ▲ Types of waves: Mono waves and Poly waves
- ▲ Types of patterns: Impulsive and Corrective
- ▲ Fractal nature of waves

### **Elliott Wave Patterns**

#### **Impulse Pattern:**

- ▲ Types: Trending and Terminal
- ▲ Construction Rules
- ▲ Trendline Rules
- ▲ Channeling Techniques
- ▲ Fibonacci Price Relationship
- ▲ Time Relationship

## Programme Content (Cont..)

### **Simple Corrective patterns**

#### **Zigzag:**

- ▲ Types
- ▲ Construction Rules
- ▲ Trendline Rules
- ▲ Channeling Techniques
- ▲ Fibonacci Price Relationship
- ▲ Time Relationship

#### **Flat**

- ▲ Types
- ▲ Construction Rules
- ▲ Trendline Rules
- ▲ Channeling Techniques
- ▲ Fibonacci Price Relationship
- ▲ Time Relationship

#### **Triangle**

- ▲ Types
- ▲ Construction Rules
- ▲ Trendline Rules
- ▲ Fibonacci Price Relationship
- ▲ Time Relationship

#### **Complex Corrective patterns:**

- ▲ Concept of X Wave
- ▲ Types
- ▲ Channeling Techniques

#### **Complexity and Degree of waves**

- ▲ Complexity of Waves: Mono waves, Poly waves, Multi wave and Macro wave.
- ▲ Rules of combination of waves and patterns
- ▲ Degree as described by Elliott

## Programme Content (Cont..)

### **Psychology of waves and patterns**

- ▲ Wave personalities
- ▲ Pattern personality and its implications

### **Trading strategies**

- ▲ Predicting turning points of the market
- ▲ Trading different waves
- ▲ Entry and exit points
- ▲ Stop losses and Targets
- ▲ Combining Momentum Oscillators with Patterns

### **Putting wave counts on charts**

- ▲ Tips and Tricks
- ▲ Alternate counts
- ▲ Case studies

### **Investor Psychology**

## Who should Attend?

- ▲ Technical analysts from Banks, Equity & Commodity Broking Firms and Mutual Funds
