REPUTE
Technological Excellence
Since 1998

Complete Food Processing Solutions. From Concept to Commissioning.

ENGINEERING • MANUFACTURING • AUTOMATION • TURNKEY SOLUTIONS

Repute Engineers delivers food processing equipment, integrated processing lines and complete turnkey solutions for dairy, beverages and prepared food. Our in-house capabilities across process engineering, equipment manufacturing, automation, integration and commissioning enable us to deliver reliable, hygienic and application-focused solutions.

28+	1000+	100+
YEARS OF EXPERIENCE	PROJECTS & MACHINERIES	ENGINEERS & SKILLED PROFESSIONALS

OUR SOLUTIONS

One Partner. Complete Processing Solutions.

1. DAIRY PROCESSING
- Liquid Milk Processing
- Fermented & Non-Fermented Products
- Ice Cream Processing
- Cheese Processing
- Butter & Ghee Processing
- CIP Systems
- UHT & Aseptic Processing

2. BEVERAGE PROCESSING
- Juice & Fruit Beverage Processing
- Carbonated & Non-Carbonated Beverages
- Beverage Preparation Systems
- Sugar Syrup Preparation
- Process & Blending Systems
- Aseptic Processing Solutions

3. PREPARED FOOD
- Tomato Processing
- Coconut Processing
- Egg Processing
- Honey Processing
- Mayonnaise Processing
- Soya Processing
- Jams & Jellies
- Sauces & Food Products

4. ENGINEERING & INTEGRATION
- Process & Plant Engineering
- Custom Equipment Manufacturing
- Skid & Line Integration
- Automation & Controls
- Installation & Commissioning
- Operator Training
- After-Sales Service & Technical Support

FROM EQUIPMENT TO COMPLETE PLANTS

CONCEPT → PROCESS DESIGN → ENGINEERING → MANUFACTURING → AUTOMATION → INSTALLATION → COMMISSIONING → SUPPORT

We integrate process expertise, advanced equipment and automation to deliver complete solutions tailored to production requirements.

OUR CORE TECHNOLOGIES

Pasteurization | Homogenization | UHT Processing | CIP | Aseptic Processing | Sugar Syrup Preparation | Automation & Process Control

INDUSTRIES WE SERVE

Dairy | Beverages | Prepared Food | Aseptic | Ice Cream | Fruits & Vegetables

OUR ASSOCIATES & TECHNOLOGY PARTNERS

We collaborate with global technology partners to bring specialized processing technologies and equipment to food and beverage manufacturers.

Our Associates

Bertoli – Interpump
High-pressure homogenizers

Thimonnier
Aseptic pouch filling machines

Vinext – EquilibriO$_2$
Dissolved gas management solutions for O_2, CO_2 & H_2S

REDA
Self-cleaning separators, UHT systems & aseptic storage tanks

A DUE
Continuous sugar dissolving / beverage preparation solutions

Alfa Laval
Authorized Integrator – integrated processing solutions

ENGINEERED FOR PERFORMANCE. BUILT FOR FOOD PROCESSING.

Innovation • Engineering Excellence • Quality • Reliability
