Issue 3

Preface

In the light of the novel COVID-19 Pandemic, CSR is most likely to advance in 2020, though it may be a little bit different than anticipated. We have been in regular touch with our Non-Profit partners to understand where we can contribute to help our beneficiaries. We are happy to let you know that we have succeeded to extend some support in the following causes:

- Supported Door Step School with food grains for 85 families of the children studying in the Dun & Bradstreet sponsored "School on Wheel" bus at the Subhash Nagar (JVLR) center in Mumbai
- Supported Masoom (night school) students by distributing groceries and hygiene kits to 22 families
- Identified 3 charitable organisations - Concern India Foundation, Save the Children and Indian Women and Child Welfare Trust for employee donations to eligible causes through the Do Good – Benevity site, <https://dogood.benevity.org/news/1612>

Please find some key highlights from the last six months:

- Supported the night school students in Mumbai and fortunate to have 8 team members who have stepped forward to mentor these students with English and Hindi languages
- Organised a special learning-aid session at the Bengaluru branch by Isha Vidhya. D&B volunteers came forward to make story books for the students from rural schools, we are supporting in the state of Tamil Nadu
- Launched the Dun & Bradstreet Saksham Scholarship Program for the 2nd consecutive year with 51 scholarships to deserving women students for their higher education
- Participated for the second time in the mega event of endurance, dedication, joy of giving, and teamwork challenge - "Oxfam India Trail Walker". 20 Participants from across D&B India achieved the mark of 100 KM in 48 hours and were assisted by 30+ fabulous support crew members. Together we have raised Rs. 456,355 in support of women empowerment and equality.

We have had a very satisfactory CSR journey and a lot was possible because of the constant engagement and support from our volunteers. Our CSR engagement programs will take a different shape this year. We are confident that with the aid of technology along with the commitment and the enthusiasm of you volunteers, we will have yet again a successful journey.

Yours Sincerely,
