

Supreme Petrochem Limited

About the Company

Supreme Petrochem Ltd (Supreme) was incorporated in 1989. Supreme is a joint venture between The Supreme Industries Limited and the Rajan Raheja Group. The company is one of the largest plastic processing company in India engaged in the manufacture of pipes and fittings and moulded products (furniture, crates, components for automobile and consumer durable industry), extruded products (mono, multilayer and cross laminated films, PE Foam, PP mats, etc.). Supreme has a diversified business which can be classified into four segments: Polystyrene (PS), Expandable Polystyrene (EPS), Specialty Polymers and Compounds (SPC) and Extruded Polystyrene Foam Boards (XPS). The company also manufactures wide range of products which includes general purpose polystyrene (GPPS), high impact polystyrene (HIPS), specialty polystyrene, compounds, masterbatches and XPS INSUboard. Supreme manages two well-equipped and modernized manufacturing facilities in India: Amdoshi- Wangani and new Manali – Chennai. The company has expanded the EPS segment with capacity addition at New Manali. In addition the company also planning to establish a large distribution network for to improve its market strength for its XPS product.
