

D&B Connect Discover

Unify your company data with advanced matching, identity resolution, and enrichment powered by the Dun & Bradstreet Data Cloud

D&B Connect Discover is your self-service data management solution designed to eliminate silos and unify your business data.

Powered by the Dun & Bradstreet Data Cloud, it helps you benchmark, enrich, monitor, and integrate your first-party data so your teams can make smarter decisions, faster.

Align Your Organization Around Trusted, Actionable Data

Data locked in silos can quickly become outdated and turn into a liability. D&B Connect Discover helps you drive growth, reduce costs, and protect your organization with centralized, company-wide data.

Break Down Silos

Create a single, trusted view of company data using the D-U-N-S® Number.

See Strategic Relationships Clearly

Understand complex hierarchies and linkages to reduce risk and make informed decisions.

Accelerate Time to Value

Automate workflows with AI/ML to boost productivity and efficiency.

Cut Costs from Bad Data

Turn data management into a growth driver with accurate, enriched records.

Enrich & Maintain Your First-Party Data

Clean, consolidate, and enrich your data so teams can trust what they see across any system or app.

Assess Data Health

Use intuitive dashboards to visualize and monitor data quality.

Validate Company Records

Match and enrich records with D-U-N-S® Numbers using customizable criteria and confidence scoring.

Enrich with Insights

Choose from 1,600+ insights to build a 360° view of your most valuable relationships.

Deliver Fresh Data Anywhere

Integrate seamlessly across systems via cloud, API, native apps, low-code, or batch file delivery.

Ready to unify and enrich your data?

Start your free trial to see how D&B Connect Discover can help your organization make smarter decisions with trusted data.
